

# Order Entry – Master Files

## Quote Entry Control

This file controls the quote numbers that are automatically generated for each company on the system. Each time a quote or invoice is generated, the computer will update the last numbers used.

The path from the drop down menu: OE > Master Files > Quote Entry Control

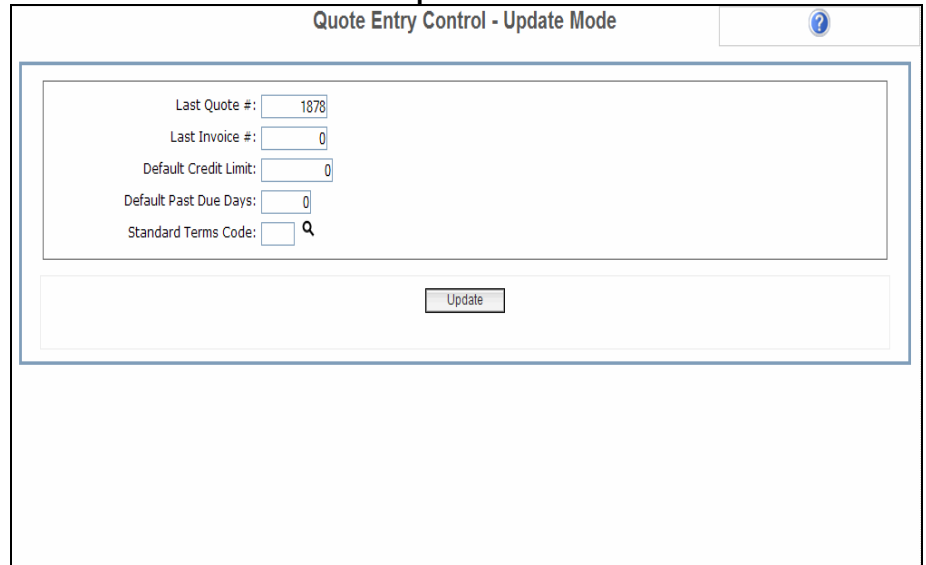

■ If you have view authority only, the fields will be grayed and not editable.

1. Make any changes necessary. (Figure 1) (ESCONT)

2. Click the  button to update changes.
