

General Ledger – Reports - Transaction

Post GL Transactions

This is the final month end close for the general ledger. If you have previously updated a month, this procedure will add any new transactions to the month already posted. The total of all income accounts will be posted at this time to the current year profit or loss account if specified in the company master file. This step must be completed for any month before Income Statements or Balance Sheets are printed.

The path from the drop down menu: GL > End of Month – Post Transaction

Printing Report:

Click on the print icon  to print this report as it appears on screen.

Export Report Data:

Exporting data to Excel will allow you to sort, filter and change data. There are two export options located in the top right corner of each report.

Option 1

Excel 1 Icon  is a formatted Excel sheet that looks very similar to the report displayed on the screen. All totaling formulas are written within the spreadsheet so any changes made to the data will be reflected in the totals

Option 2

Excel 2 Icon  is an unformatted Excel sheet that has the same raw data as that of Excel 1, but without subtotals and headers.
